

# Farm Animal Junk Modelling Competition

We need to protect and look after our planet so that it is a safe and healthy place to live, not only for yourselves but for future generations too. One way that we can do this is by recycling. We have a **mission for you....**

**Get creative with your household recycling to design and make a junk model farmyard animal character.**

Models to be made from clean and safe recyclable materials only, such as:

- Tissue boxes
- Cardboard tubes
- Plastic bottles
- Milk cartons
- Buttons
- Fabric scrap
- Jar lids
- Sweet wrappers
- Clean food containers

USE THE HASHTAG #ARMCHAIRAGRICULTURE AND TAG US!

INSTAGRAM: @SHOWGLINCS

Decorate your farmyard animal character with whatever medium you have available.

Be as creative as you can, let the collection of recyclable materials spark inspiration! When you've finished your farmyard animal character we'd love to see it, so **take a photo and share it on social media.**

**Closing date for entries is Monday 27th April.** Prizes will be awarded for 1st, 2nd and 3rd. Winning entries will receive a **family ticket to Countryside Lincs**, our family educational day focused on food, farming and the countryside on Saturday 17th October and hopefully the models can be displayed too for all to admire!

**Good luck!**
