PHOTOGRAPHY POLICY

1. Consent and Permission

On occasions where an external photographer has been appointed by the Lincolnshire Showground to visit one of our educational events, we will require parental consent. This consent form will be completed by the school on behalf of the parent(s)/guardian(s).

It is the sole responsibility of the class leader to obtain permission from parent(s)/guardian(s) for children to be photographed.

At the beginning of the event the Lincolnshire Showground representative will ask the class leader if permission has been obtained for all children in the group. The class leader should notify the photographer at this point if any of the children cannot be included for any reason.

The class leader, child, parent or guardian may request that images may be removed from the Lincolnshire Showground's photo gallery at any time. The photograph will be removed from any online platform (e.g. website) and will not be used in future printed materials.

2. Photographers and Devices

Only the designated photographer is permitted to take photographs of the children with the consent of the class leader.

3. Appropriateness of Images

Children will not be singled out for photographs, and we will not photograph a child who appears to be in distress.

4. Identification of subjects

We will not disclose the identity of any children who are photographed. Full names of children will not be published alongside their photographs.

5. Distribution

Photographs taken by our official photographers may only be used for the purposes of the Lincolnshire Showground including for promotional materials, educational or publicity purposes.
